Tap Magic with EP-XTRA® is an ozone-friendly, professional-quality cutting fluid that delivers superior performance for any cutting operation on any metal. And it helps promote longer tool life.

EP-XTRA® is a proprietary additive that, when used in conjunction with this cutting fluid, provides a synergistic boost in performance.

While Tap Magic with EP-XTRA® is an outstanding choice for any cut on any metal, it is absolutely without equal on harder metals and for cuts of extreme pressure or long duration.

OTHER FORMULAS

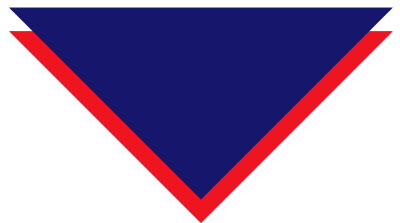

Tap Magic with EP-XTRA® is joined by a number of other Tap Magic Cutting Fluids, each carefully engineered for maximum effectiveness in specific applications.

- Tap Magic Aluminum is specifically formulated for work on aluminum.

- Tap Magic Formula 1 Aqueous has a non-corrosive water base and is highly effective for all cuts on all metals except magnesium. It contains EP-X³® for a performance boost and is totally biodegradable.

- Tap Magic Formula 2 Eco-Oil has a unique base of natural oil that resists smoking and fuming, even on cuts that produce a lot of heat. Highly effective for all cuts on all metals, it contains EP-X³® for a performance boost and is totally biodegradable.

- Tap Magic ProTap, our original biodegradable formula, is an outstanding general purpose cutting fluid that's free of all regulated chemicals.
